

Additional Information for the India Tour in February with Toccata Productions from the organizer

The tour starts at the Trident in Chennai on the 15th of February 2019 and finishes on the 24th with our last concert in Bangalore . This is the only window that the orchestra and the soloists are available .

750£ is the comprehensive cost. It covers all meals /accommodation /transfers except airport (as people will be coming from different countries and different times) . It does not cover activities like jungle safaris / treks entrance fees to the palace and heritage sites which people can undertake on their own (The costs of these are very nominal) .

With respect to meals all the meals will be buffet style with a superb selection of vegetarian and non vegetarian. Alcohol and beverages other than what is provided as part of the menu will be charged to the individual. The only time a participant may have to pay for a meal is if we are in transit and a meal time falls during transfers . Even here we are trying to cover the meal if possible. This might be only one meal

We will negotiate special laundry rates at the properties and hopefully free WIFI access

Due the possibility of the Brit exit causing currency fluctuations we have taken the Pound to be equivalent to 92 Indian rupees and we will work on this exchange rate for the tour.

It is a mandatory requirement of the Government of India that all foreign nationals get a business visa as they will be performing. We will be sending appropriate letters of invitation.

We also request that all participants have a good travel insurance which covers performance and are vaccinated as per recommendation. We will send out detailed health / cultural / and a comprehensive guide to the entire tour to the confirmed team.

We have a Toccata travel agent in Canada and UK who will be happy to help with quotations, transfer of instruments etc . They are both

available 24/7 . However you may have your own travel agent who could help with international airfares

Therefore the cost to the participant is Airfare + Visa fee to be paid to the Indian High Commission+ Vaccines (I am not sure if these are charged in the US+ 750£ to the Toccata Kraetions Trust India. Toccata trust is a registered trust who financial activities are regulated by the Income Tax Department of India

Today June 24th 750 GBP is \$955.00

Spouses are welcome but since the price is based on triple occupancy of the singers, the price will be slightly higher for the couple.

If there is limited space on the Heritage train, the singers will have priority, and spouses will catch a bus ride 1.5 hours to the destination.
